SIR

Subject Acquisition of a portion of Door No 4, Benson Road, 32nd Division, Langalore Civil Station, for improving the junction of Benszon Road and Harris Road

---

With reference to the Government Notification No L 3497-C M 6-53-38 dated 18th June 1953 authorising me to hear objections under section 5 (A) Land Acquisition Act on the above subject, I write to state that a fresh notice dated 8-7-1953 (second time) under Section 4 Land Acquisition Act was issued to the owner of the property calling for objections if any under section 5 (A) Land Acquisition Act In response, Sri G M Marti filed an objection application on 29-7-1953 against the proposed acquisition which is more or less of the same type filed in February 1952 at the time of publication of the preliminary notification dated 7th January 1952 for the ~~first~~ first time The objections of the party on the proposed acquisition are that the Military Camp at Bidarehalli had been completely removed and there are hardly any vehicles moving now and this junction has now become unimportant from the traffic point of view, and as such there is no need to have the very wide road on either side of the island by acquiring his property etc

The second objection petition was also forwarded to the Corporation Engineer on 16-8-1953 for further spot inspection and report After further inspection the Engineer prepared and submitted fresh plan and valuation statement for Rs.207/- providing some value for the compound wall that come within the area of land proposed to be acquired as against the original valuation

(2)

statement for Rs.103-8-0 with the opinion that the proposed acquisition is necessary Therefore, the objection of the party is overruled and the draft final declaration statements duplicate have been prepared on the basis of the fresh plan and valuation statements and enclosed the same herewith for favour of kindly arranging publication in the official gazette

The revised estimated cost of acquisition amounting to Rs.207/- will be met out of the Corporation funds in the current year's budget allotment

I request that sanction of Covernment may kindly be obtained for the said acquisition authorising me to take order for the acquisition of this bit of land and compound wall under section 7 Land Acquisition Act

The Compiler, Mysore Gazette, may be requested to send 15 spare copies of notifications of each set to this office as usual

Forwarded with compl hfully,

Seetha Ram 1/12/54

Copy of objection petition dated 27-7-1953 of Sri G I Martin, 4, Benson Road, Bangalore to the Commissioner & Land Acquisition Officer Corporation of Bangalore, through the President, Bangalore Rate Payers' Association

---

Subject Your No L1 Pr 21/51-52 dated 8-7-53 with notification regarding acquisition of portion of 4, Benson Road, Civil Station, Bangalore for improving the junction of Benson Road and Harris Road, Benson Town, Bangalore

---

I had received a similar notice o L1 Pr 21/51-52 dated 6-2-52 with notification regarding acquisition of portion of No 4, Benson Road on 9-2-52 from the Commissioner & Land Acquisition Officer

I had immediately submitted an appeal dated 18-2-52 filing my objections and also enclosing a sketch and a copy of letter dated 27-6-51 to the Commissioner Mr Safdar Hussain I herein enclose true copies of these letters and sketch for your ready reference

I also handed over to the then Engineer - Sri P Madhavan my appeal dated 29-2-52, copy enclosed for your information, who kindly inspected the site The Asst Engineer and Councillor Mr I Mehkri were also present and he gave orders to the Asst Engineer to widen the road at the Island by 9 feet and follow the alignment along the vacant margin of road

I may mention that the existing alignment of the road is bad and bottle-necked at the island as shown in the sketch As such it is necessary to give the proper alignment to the road as ordered by the Engineer

If the existing width of the road on the northern side is widened by 9 feet, the increased width would then be 30 feet 9 inches that will allow the island to be shifted to the centre, the width of the road on either side of the island would be then 22 feet from its base

I may add that the Military camp at Haiderahalli had been completely removed and there are hardly any vehicles moving now and this junction has now become unimportant from the traffic point of view

Under the circumstances explained above and after the matter was settled by the then Engineer Sri R Madhavan, I am surprised to receive your notice again after one year and three months

Any way I have explained why the proposed acquisition becomes unnecessary It will not only be a waste of public funds on an unnecessary work, but it will also cause great inconvenience to me If the proposed acquisition had been really necessary, I would have been the first to offer my land for the purpose, since it is not so I object to the proposed acquisition
